To all members of the Catholic Education family

Catholic Education  
Diocese of Rockhampton

## Reflection from Pope Francis

The word that makes hope blossom in the world and relieves the suffering of the poor: tenderness. We need to overcome the temptation to be concerned only about our own problems; we need to grow in tenderness before the tragedies of the world.

**Please remember in your prayers those members of our extended Catholic Education Family who have passed away recently.**

Good morning everyone

Today marks the final day of schooling for our graduating Year 12 students. It is a milestone day for these young women and men, for their families and for all those in our college communities who have nurtured, supported, and encouraged each one on their educational journey. As these fine ambassadors for Catholic Education embark on the next chapter in their lives, I offer them my sincere congratulations on all they have achieved and on the significant contribution they have made to our Schools and Colleges. I pray that God will keep them safe and bless them abundantly into the future.

The Diocesan Education Council (DEC) gathers today for our final meeting for 2021 with a wide-ranging discussion on the agenda including a review of the Annual Budget, the draft Modern Slavery Policy, the NSIT process and a summary of our Policy Audits. Council members are also delighted to welcome our 2021 Spirit of Catholic Education Diocesan winner, Natalie McCosker (APRE St Patrick's, Emerald), for the presentation of her award by Bishop Michael, and to launch our Catholic Education Reconciliation Action Plan. I wish to thank most sincerely our DEC members for their collegiality, generous service and wise counsel. I know all the members of the DEC are very grateful to Bishop Michael for the confidence and trust he places in them to serve on the Council and provide advice to him with respect to the conduct of the Ministry of Catholic Education in this Diocese.

It was wonderful to see so many of our schools and colleges take part in the STEM MAD National Showcase initiative on Tuesday this week run by Catholic Network Australia. STEM MAD is designed to acknowledge and promote STEM learning initiatives that address real world problems and demonstrate how Catholic students take action that matters. In response to the papal call to action in *Laudato Si: Care for our Common Home*, student teams collaborated to design a product, service, or innovation to Make a Difference (MAD) to others or the environment in areas such as health and wellbeing, community and global issues, inclusive school and community infrastructure and environmental sustainability solutions. The nationwide digital event showcased entries from winning teams in various categories including Shalom College, Bundaberg who took out the Sustainability Award (Secondary). Congratulations to all students and staff involved in this innovative and exciting project.

Earlier this week, I was delighted to join the Holy Spirit College community for their annual Speech Night. My thanks to Alison Wales (Principal), staff, students and families for the very warm welcome and I extend my congratulations to all Award recipients.

Next week I am looking forward to welcoming our newly appointed leaders to our Leadership Induction gathering in Rockhampton. My congratulations to all who are taking on new responsibilities in these roles in 2022. We are very blessed to have dedicated and faith-filled people, committed to our ethos, ready to lead our communities in providing a quality Catholic education to all who seek our values.

God bless,

*Leesa*
