

Suggested Script for Use of Photography or Video Schedule

1. Purpose

To provide a script to use for an activity in a parish involving children where photographs or videos are likely to be taken.

2. Scope

This schedule must be read in conjunction with the Safe Activities Procedure and is subordinate to it.

3. Schedule

This script is suggested for use in the planning stages of activities or during an activity in a parish that involves children if it is likely that photographs or videos will be taken:

We understand that you may wish to make a photographic or video record of this celebration. In so doing please exercise courtesy, sensitivity and common sense in relation to photographing children other than your own. We request that you confirm consent with other children's parents before including them in your personal photographs. The images that you take should only be used as your mementos of this event. Where photos contain children who are not yours, these should not be shared in any public fora such as social media.
